

HELP!—Poll on Pictures

Q. Please—what can be done to keep this type of photograph out of your papers? When children and young adults see such nude pictures, it's no wonder they are flying around in miniskirts.

—SUBSCRIBER

A. The Democrat and Chronicle tries to please all its readers—a formidable task. We have your views concerning the photo of Swedish actress Ewa Aulin, 17. But before we can ban such items from our paper, we feel it is only fair to ask other readers how they feel. If readers will take the time to indicate their views in the space below, clip it and mail it to HELP!, we will have results of our own poll to guide editors in '68. Circle one.

HELP!—CIA Openings

Q. Could you tell me where I should write to apply for work with the Central Intelligence Agency?

—R. C., ROCHESTER

A. So you want to be 007! CIA agents sometimes have encounters with gals like the above (probably a THRUSH agent). So watch which answer you circle. Meanwhile, the address of the CIA employment office is 1016 16th St. NW, Washington, D.C. The agency is interested in students of economics, international affairs and scientific fields. Write if you get work!
